

MORE FEATURES

ORIGIN INVERTER™

Both the compressor and fans are inverter controlled. The fan automatically sense the change of the cooling capacity of the compressor and adjusts speed in 4 levels.

- Energy saving
- Lower noise
- Auto-adjusting cooling
- Stable temperature

Sturdy-Lux Design

Morandi Grey Steel Panel

The elegant and understated style of Morandi Gray, originating from Italy, creates a serene and calming home atmosphere. The 10-layer steel panel is made with different functions, leading to anti-scratch and anti-fingerprints.

- Robust Endurance
- Anti-Scratch & Anti-Fingerprints
- Modern Home Style

TOSHIBA

NaturePURE Series

Bigger & Fresher in One Go

GR-RS910WI-PMY(06)

— NaturePURE

PURE AIR

99%+ Sterilization and Deodorization.

PureAIR actively releases electrons to sterilize and deodorize the entire fridge, eliminating harmful bacteria and preserving the natural taste of food. Ideal for families with babies, it provides a safe space for storing breast milk, formula, and other baby foods—helping you care for your loved ones with confidence.

- 99.99%+ sterilization rate
- 99%+ deodorization rate
- 16 years service life

99%+
sterilization &
deodorization

PURE AIR TURBO

Industry-Leading Purification Efficiency.

One button turns on PureAIR Turbo mode, which purifies 3 times faster than normal mode. Perfect for those who enjoy traditional foods with strong flavors such as spicy tom yum soup.

- Active purification
- One click, Triple purification speed

PureAIR Turbo

— ROOMY STORAGE

820L Large Capacity

ASEAN'S First 820L Multi-Door & Side-by-Side Refrigerator.

With a massive capacity of 820L, it meets the diverse storage needs of every member of the family, perfect for family gatherings or holiday preparations - like bringing the supermarket home!

- A fridge for whole family
- Same dimension, largest capacity
- 2 week's food storage

315L Large Freezer

Extra-large freezer capacity, equivalent to a 315L chest freezer!

The freezer saves 10% of floor space. Easily stock up on ingredients for the whole family, worry-free even during the festive season.

— EXTRA FRESH

Superior Cooling

Pioneering Use of R290 Refrigerant in Refrigerators.

By using advanced refrigerants, the cooling speed of the fridge can be increased by 30%. Not only does it cool refrigerated ingredients faster, but it also boosts the ice-making speed.

- 30% faster cooling

Multi Air Flow

Allows ingredients to achieve more uniform cooling.

The multi-layer air duct design allows cold air to flow into each shelf compartment to maintain a stable internal temperature and prolong food freshness.

- Even Cooling
- Stable Temperature
- Prevent moisture loss due to direct blowing of food.
