SAFETY & HYGIENE MATTERS

WATER HEATER

Toshiba Safe Guard

Your Toshiba water heater will automatically detect whether the grounding is connected normally, only when it's normal, your Toshiba water heater will be activated. Should leakage occur, current will flow through the earthing line and keep you safe.

Peace of mind assured with double relay safety protection

Should there be any electricity leakage, both "L" and "N" wires will be cut off at the same time, ensuring your safety at all time.

Set your preferred temperature precisely

The Smart Control System with an LED display allows you to Set the temperature you need.

Energy-saving and Quiet DC Pump

The DC pump greatly increases water pressure for a more powerful and enjoyable shower saving you 60% in energy compared to AC pump and is also supre quiet at just 38db.

Prevent Scalding with Whirl Water Flow technology

A dual heating element in improves heating efficiency and stabilizes the temperature to prevent accidental scalding from occurring.

Different shower modes for a more pleasurable shower

5 versatile shower modes are available :

STANDARD

Full body sprays relieve muscle tension to rejuvenate and invigorate your body

SOOTHE

Provides cooling relief on hot summer day or after exercise

COMBO

Mixes standard sprays with pulsating streams to smooth and revitalize

MASSAGE

Uses pulsating jets of water to relieve stress

JUMBO

Concentrates a stream of water into a small area for fast rinsing
